

Set your own goals and **go the distance** with OLG Short Learning Programmes.

NOF
Level 5

Fundamental Procurement Management (NOF Level 5)

Individuals who want to gain a comprehensive understanding of procurement management and understand the scope of and developments in procurement management would benefit from this SLP.

What can students expect?

The student will be exposed to some the following learning areas:

- Understand strategic procurement and its role in supply chain management
- Critically reflect on key issues in procurement management: outsourcing, quality, inventory, time, sourcing, price, total cost of ownership, and negotiations
- Apply procurement principles to various types of buying situations
- Investigate and understand the role of procurement in electronic commerce
- Understand contract management and its role in procurement
- Apply performance metrics to procurement

Admission requirements

You must be able to communicate effectively using English in written and/or oral form. There are no further admission requirements for self-enrichment programmes.

Duration and mode of delivery

This programme is delivered through:

- Contact sessions that include training from industry experts and practical on-the-job advice.
- OR**
- A blended mode, offering limited contact classes combined with open distance learning.
