

Part Time Studies Short Learning Programmes

Short Learning Programmes (SLP) are **ideally suited to individuals who want to upskill in a specific area** in the logistics and supply chain industry. They are also aimed at individuals who have **successfully completed a tertiary qualification** in a different field of study, but whose career path has developed within the fields of logistics and supply chain management.

NQF
Level 5

Fundamental Purchasing Management (NQF Level 5)

Purchasing Management in the logistics and supply chain environment involves the development, evaluation and implementation of purchasing principles. This programme will suit an individual who wants to enhance his or her fundamental knowledge on how purchasing can contribute to value creation in a supply chain environment.

What can students expect?

The student will be exposed to some the following learning areas:

- Undertaking research on cost analysis and explain what it is comprised of
- Understanding the different purchasing services in a supply chain
- Understanding global supply management and the competition surrounding purchasing
- Building and manage a team to successfully negotiate areas relating to purchasing
- Applying and understand the ethical and professional standards of purchasing/procurement in a supply chain

Admission requirements

You must be able to communicate effectively using English in written and/or oral form. There are no further admission requirements for self-enrichment programmes.

Duration and mode of delivery

This programme is delivered through:

- Contact sessions that include training from industry experts and practical on-the-job advice.

OR

- A blended mode, offering limited contact classes combined with open distance learning.
